[\(View it here\)](#)

Pet Training App - Flutter. A Pet Training App using Flutter's various Widgets including Splash Screens and some animations. [\(View it here\)](#)

SWIFTAID – EMERGENCY AMBULANCE SERVICE SwiftAid is an ambulance emergency service website aimed at improving response times by directly connecting patients with ambulance drivers, bypassing the need for hospital intermediaries. The platform allows patients to instantly contact available ambulance drivers, reducing delays in arrival times. Further more, the platform offers a voice-to-text service capable of providing first aid instructions based on patient descriptions of their symptoms. [\(View it here\)](#)

CERTIFICATIONS

- CodeChef streak of more than 150 days [\(View it here\)](#)
- Flutter Workshop Google Development Student's Club (GDSC MBMU) 04/2023
- Embedded System and Robotics Workshop Embedded system and Robotics Club (ESRC MBMU) 06/2023
- Hack It Sapiens (HIS) 36 hours Hackathon conducted by Poornima Institution . Built an emergency ambulance service by removing the middle man problem.
